# LETTER OF REFERENCE

To Whom it may concern:

Mr. Dariusz Zielonka (<http://www.naturalwebdesign.net/>) worked in April 2012 with students' association IAAS Poland.

His duties concerned designing a poster with taking the organizer's suggestions into account. The purpose of the poster was to promote an International Students' Seminar "Sweet – indiscreet". The honorary patronage over the event was held by Nestlé Poland S.A. The partners were: Responsible Business League ("Liga Odpowiedzialnego Biznesu", LOB), Warsaw University of Life Sciences (WULS-SGGW) and Faculty of Economic Sciences at SGGW.

Mr. Dariusz Zielonka was committed to the project he worked on. The quality and the final effect of his task was without any reservation. He fulfilled all expectations of the association. He worked individually and kept the deadline.

I would recommend Mr. Zielonka to anyone who plans to create a design project as well as web application or web site.

The opinion was written at the request of Mr. Zielonka.

Sincerely,

Paula Szymczak
